## CREATIVE & CULTURAL RESIDENCY LONDON, UK

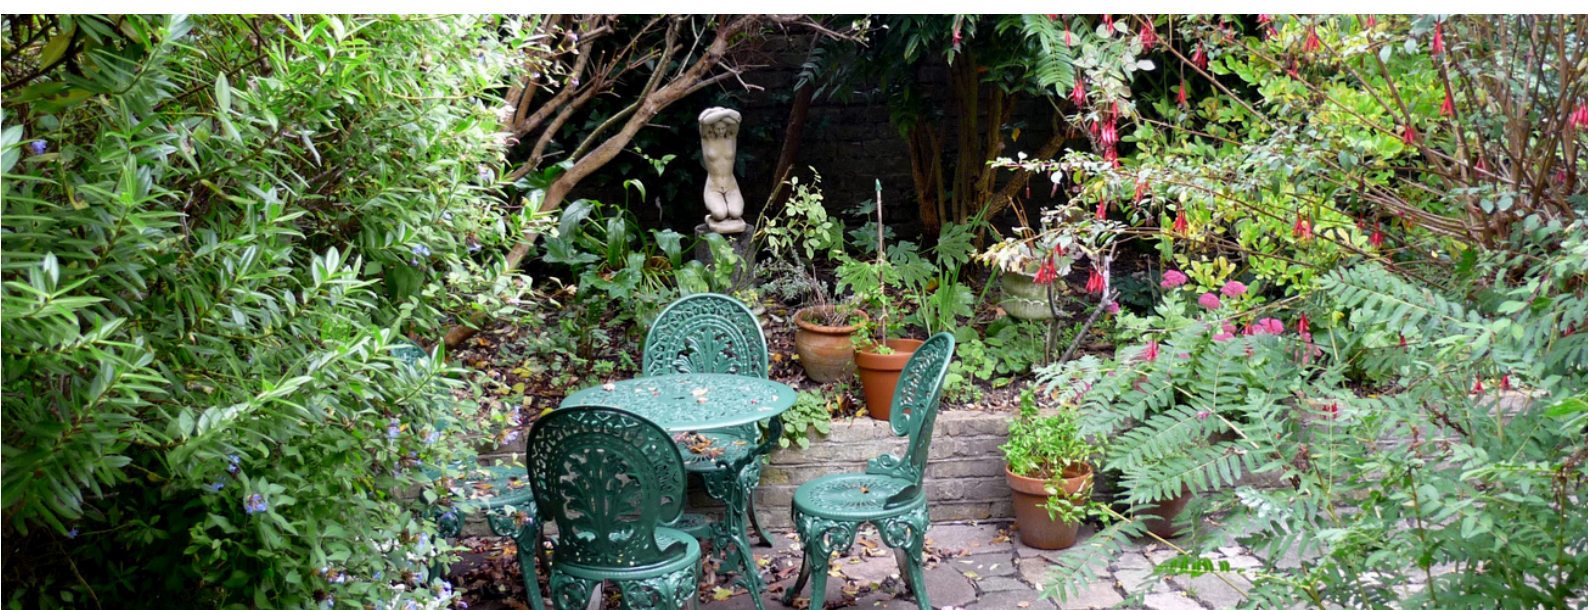

Scenario's **Creative & Cultural Residency** is designed to welcome writers, musicians, artists, intellectuals and enquiring travellers in an atmosphere of friendship and mutual self-discovery.

Founded in 2005 Scenario is an independent media company based in West London. We make films and music; we write screenplays and publish fiction. We offer international consultancy to academies, cultural institutions, broadcasters and media platforms.

Our **Creative & Cultural Residency** is our invitation to you to join us with whatever project you wish to share and develop.

Our base is ideally situated in a leafy, protective enclave close to Acton Town Tube Station, perfect for Central London and Heathrow Airport.

The house, named **Arundel**, was built in 1904, a part of historic London and a personal museum containing family archives and memorabilia of many generations, offering an unusual insight into the cultural evolution of this country.

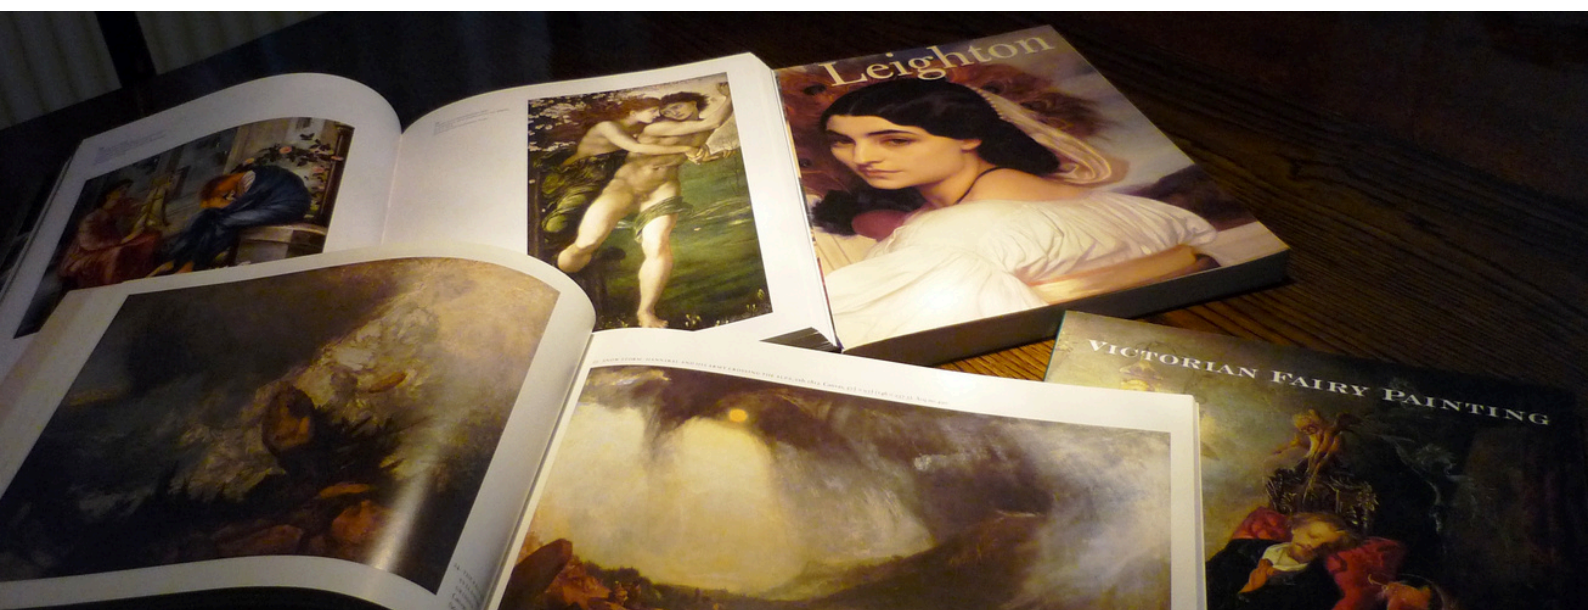

Besides its many works of art, Arundel boasts a well-stocked Library of literary and popular classics, perfect for researchers and readers needing quiet study space.

The Music Room with piano, violin and cello, is available to visiting musicians along with sheet music by many of the great composers. Our fine collection of catalogues from the world's museums and art galleries is a valuable resource for visual artists and historians.

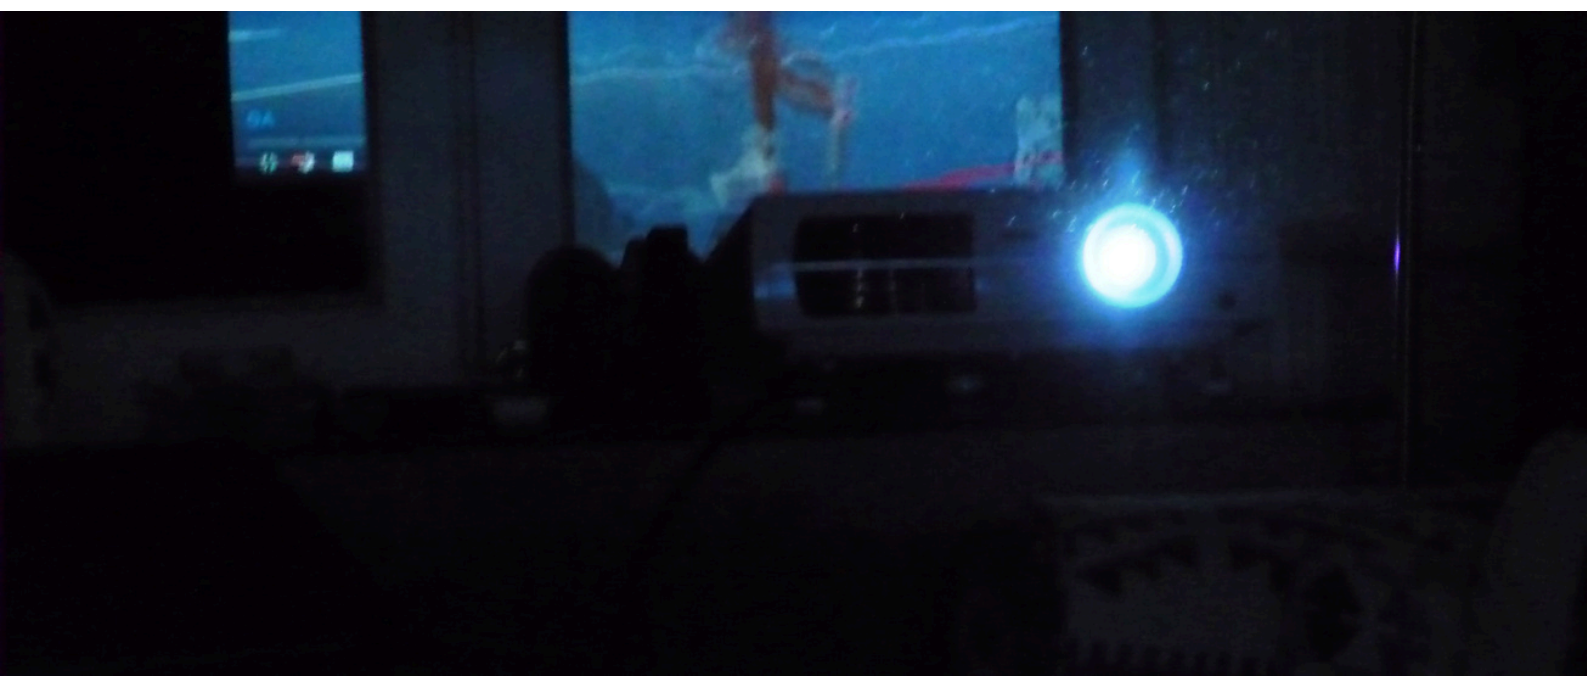

On our full-screen Home Cinema we offer assisted viewing from our extensive collection of British and International Films, accompanied by discussion of the movie industry and screen culture.

Film is a vital instrument in the teaching of any language, creating a wider vision of the host community, a deeper understanding of its traditions and practices and a heightened alertness to the spoken word.

In our elegant but relaxed Victorian dining room, every dinner is specially prepared from our varied repertoire of delicious international cuisine.

Fully modernized, **Arundel** has two guest bedrooms, one double and one single, each with its own bathroom, television and wifi.

Within a caring family environment you will enjoy complete privacy to continue your work, studies, skills, tourism or whatever brings you to us.

As part of Scenario's **Creative & Cultural Residency** we facilitate guided introductions to London, including visits to museums, art galleries, theatres and concert halls. We have expert knowledge of London's history and architecture, with privileged access to the world of fine art, stage and screen.

As writers, filmmakers and lecturers, Scenario's Joint Directors are well qualified to mentor fellow creatives and advanced language learners.

**Dr. Gareth Jones** holds a Ph.D. in Modern Languages from the University of Cambridge. A published novelist, screenwriter and director he offers insight into the English language at a conversational and written level.

**Fiona Howe** has a B.A. Hons in English from the University of Reading and an ABRSM Diploma in Piano Performance. Besides her writing and film producing, she is also a composer and can offer music tuition and piano accompaniment.

Gareth and Fiona are known for their international consultancy at the world's most important professional forums, giving lectures, workshops and one-to-one personal tuition adapted to the needs of each participant. These are skills they bring to Scenario's **Creative & Cultural Residency**.

Whatever your creative pursuit, we can help you develop your craft and refine your concepts. We are known authorities at guiding and inspiring creative discussion and encouraging individual voices.

In our **Creative & Cultural Residency** you will be bringing your world to ours and entering a new world that reflects your own cultural passions, allowing you to refresh your creative roots in a safe but challenging environment.

We look forward to welcoming you!
